## ABOUT

As the world reels from the Coronavirus crisis, Australia is now on the front line dealing with the devastating effects to our businesses, communities and families.

During this extraordinary time, we all have a part to play in stopping the spread of the virus through helping to communicate the advice and guidance from our experts.

In support of our customers, Expo Group and Bokay Signage have created health notices and alternative safety solutions that will assist in the management of social distancing and sharing of information in work and public environments.

Our solutions are offered at trade prices as we feel strongly this is a time to pull together, to help each other and ensure people are informed and safe.

Till we return to less extraordinary times, to all our customers please take care.
